

**1 - Alton & Darby Creek Road 1.88  
over Clover Groff Run:**  
Develop plans to replace the existing structure.

**2 - Rohr Road Corridor Study  
(Lockbourne Road to Alum Creek Drive):**  
Provide preliminary engineering and traffic studies  
to determine needed improvements in the corridor.  
Project will include at least three improvement  
alternatives at the intersection of Rohr Road  
with Shook Road.

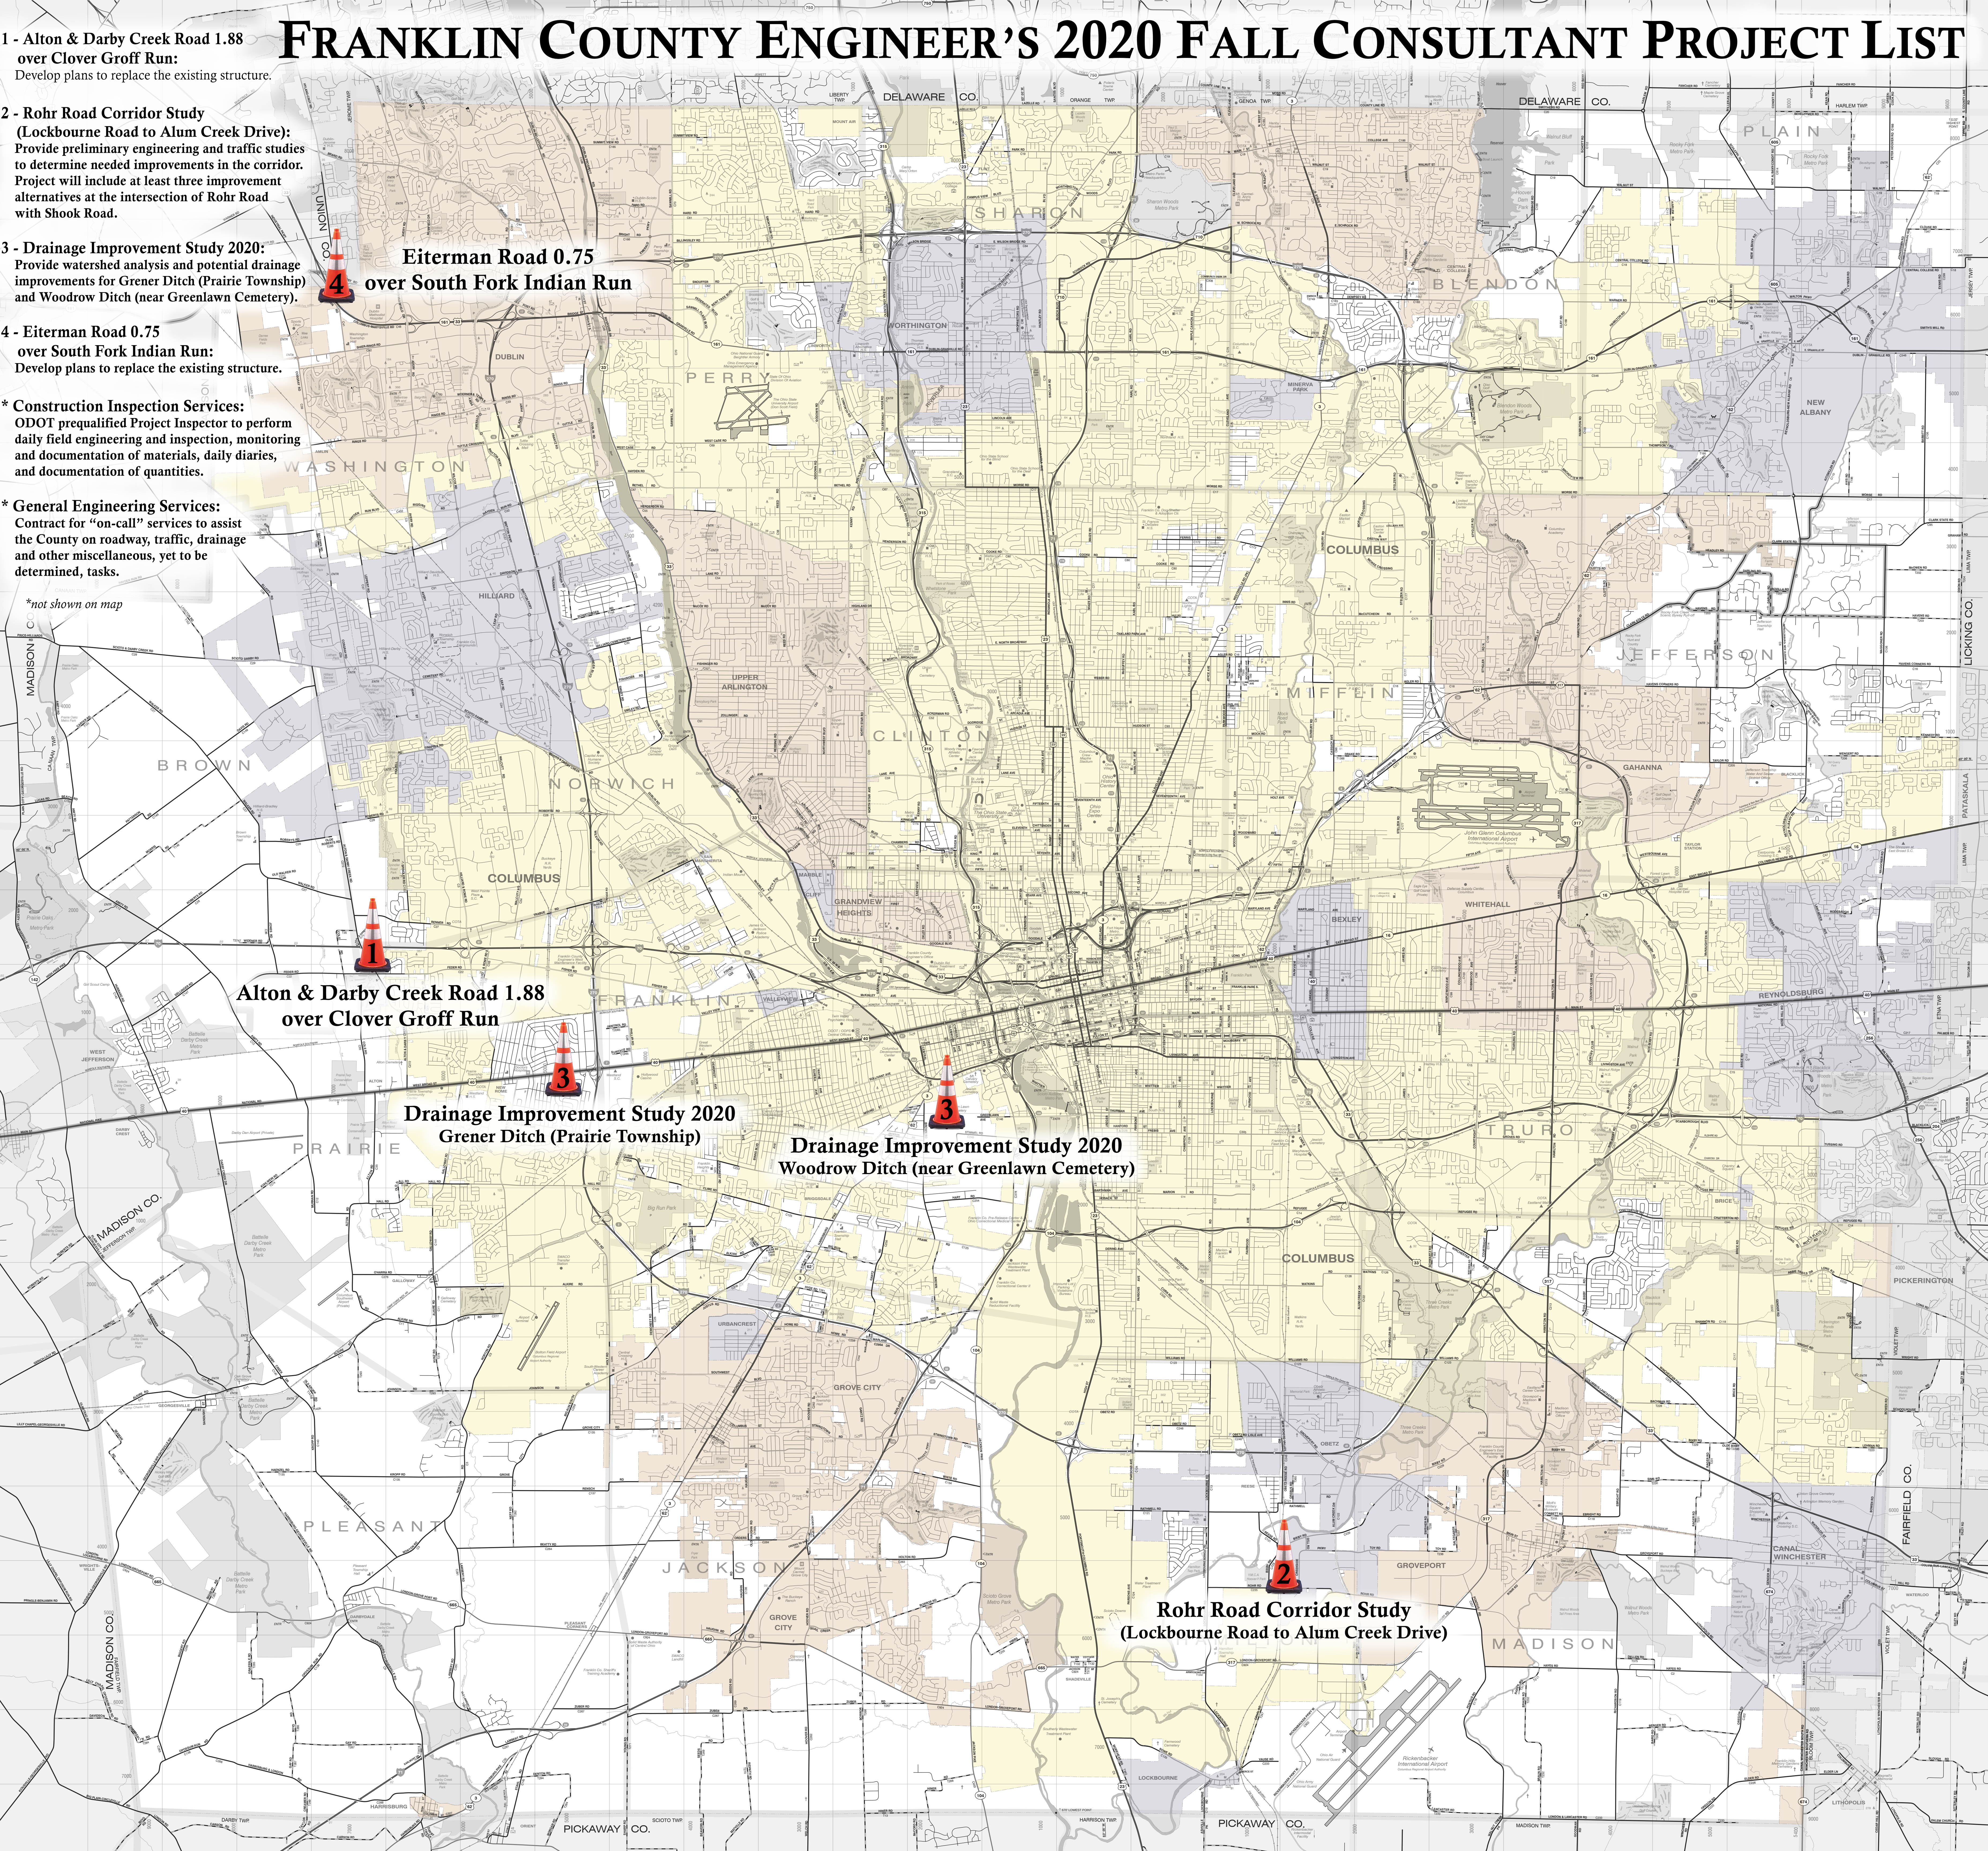

**3 - Drainage Improvement Study 2020:**  
Provide watershed analysis and potential drainage  
improvements for Grener Ditch (Prairie Township)  
and Woodrow Ditch (near Greenlawn Cemetery).

**4 - Eiterman Road 0.75  
over South Fork Indian Run:**  
Develop plans to replace the existing structure.

**\* Construction Inspection Services:**  
ODOT prequalified Project Inspector to perform  
daily field engineering and inspection, monitoring  
and documentation of materials, daily diaries,  
and documentation of quantities.

**\* General Engineering Services:**  
Contract for “on-call” services to assist  
the County on roadway, traffic, drainage  
and other miscellaneous, yet to be  
determined, tasks.
