 REVISED AUGUST 17, 1994

The undersigned hereby certifies to Bank One, NA, National Ground Water Association and Cardinal Title Agency, Inc. as of August 17, 1994, that this survey was actually made upon the ground; that it and the information, courses and distances shown thereon are accurate; that the title lines and the lines of actual possession are the same; that the property description "closes" by engineering calculation; that there are no easements or uses affecting the property appearing from a careful physical inspection of the same, other than those shown thereon; that there are no encroachments on adjoining premises, streets or alleys by any of said buildings, structures or other improvements or encroachments upon the property by any building, structure or other improvement situated upon any adjoining premises; and that the property does not lie within any flood hazard area shown on any U.S. Department of H.U.D. Flood Insurance Boundary Map or special flood hazard area map published by the Federal Emergency Management Agency. This survey was made in accordance with the "Minimum Standard Detail Requirements for Land Title Surveys" jointly established by ALTA and ACSM in 1992 and meets the accuracy requirements of a Class "B" Survey, as defined therein.
