2/24/2020  
Date:

This exhibit is based on information obtained from the Franklin County Auditor's and Recorder's Office and information obtained from an actual field survey conducted in April of 2019.

All iron pins set are 5/8" diameter rebar, 30" long with a plastic cap inscribed "Advanced 7661".

The basis of bearings used for this exhibit are based on the NAD83 Ohio State Plane Coordinate System, South Zone (NSRS 2007) which determines the bearing for a portion of the southerly right-of-way line of Carrie Avenue to be S88°12'38"E.
