

Project Information Sheet

Clark State Road at Waggoner Road Roundabout Project

(Project ID 121519)

June 24, 2025

Project Description:

- The project proposes to construct a single-lane roundabout with a retaining wall at the intersection of Clark State Road and Waggoner Road.
- Current construction cost estimate is \$4.1 million dollars. \$2.5 million received from County Engineers Association of Ohio (CEAO) Highway Safety Improvement Program (HSIP) Funds, Developer Contributions, and Jefferson Township.

Project Purpose:

- Improve safety, alleviate congestion, and provide sidewalks and shared use paths at the intersection.

Project Need:

2023 Safety Study

- Studied intersection of Clark State Road and Waggoner Road.
- 20 total crashes with 7 injury crashes from 2019-2022.
- Consistent intersection improvement within Jefferson Township by utilizing a roundabout.

Potential Impacts:

Environmental

- Impacts to Swisher Creek requiring the extension of the existing bridge.
- Consistent intersection improvement of a roundabout within Jefferson Township.

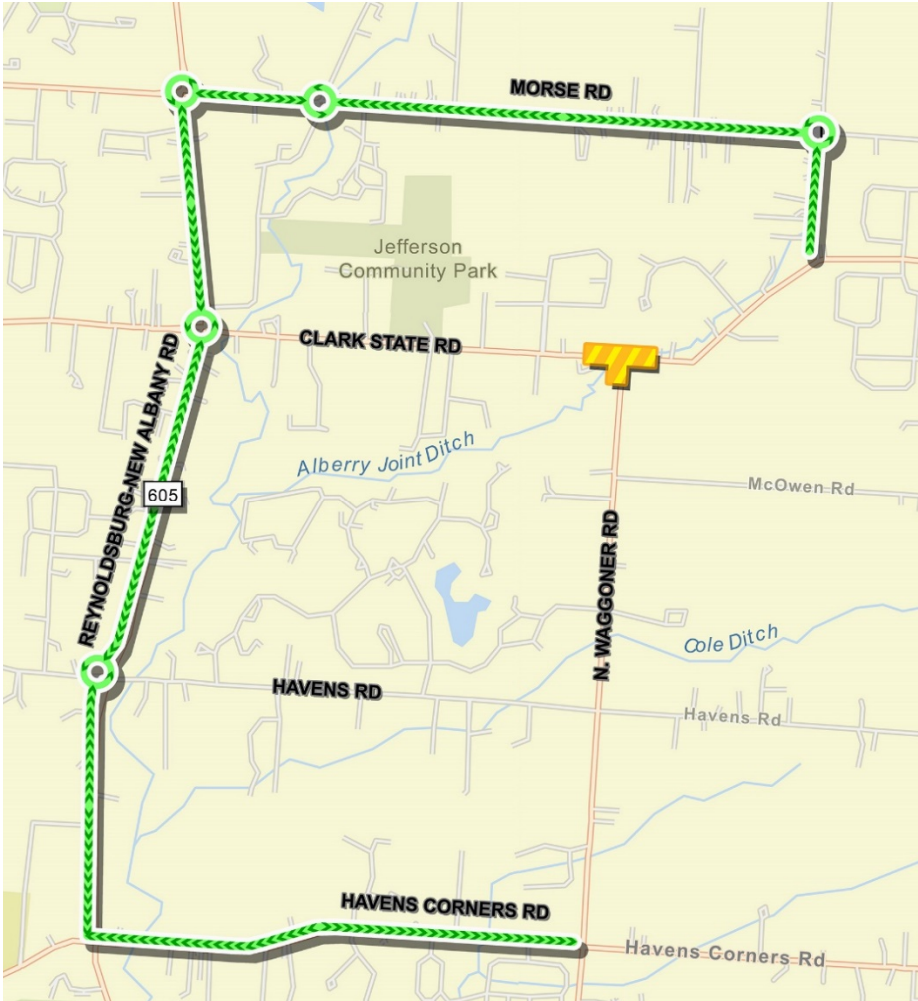

Utilities

- Stormwater conveyance through roadside ditches, storm sewer, and the culvert.
- Utility relocations needed.

Right-of-way

- Temporary and permanent right-of-way needed.
- If right-of-way acquisition is necessary from your property, a real estate representative will contact you directly at a later date to discuss right-of-way needs, the acquisition process, and your rights under that process.

Project Location and Detour Map

Planned Detour Route Project & Closure Location

Maintenance of Traffic:

- The intersection will be closed to traffic for a 90-day period during the roundabout construction. Follow the detour route shown in the map above.

Proposed Improvements Summary (See following page for more detailed exhibit)

Proposed Improvement Summary

- Replace the existing stop-controlled intersection with a single-lane roundabout.
- Improve sight distance of substandard vertical curve on Waggoner Road.
- Construct a 10' shared use path (SUP) and 5' sidewalk at the intersection.
- Construct a retaining wall to eliminate impacts to Swisher Creek.
- Extend the bridge that crosses Clark State Road west of Waggoner Road to the north and south.
- Eliminate the need for guardrail and improve safety by eliminating a hazard within roadway clear zone.
- Include new curb and gutter, curb ramps, street lighting, and storm sewer.

Anticipated Schedule
