

PUBLIC COMMENT INVITATION

RENNER ROAD (CR-27) IMPROVEMENTS BETWEEN ALTON & DARBY CREEK ROAD AND SPINDLER ROAD

The Franklin County Engineer's Office invites you to share your thoughts regarding our upcoming project in your area. We are widening 0.60 miles of Renner Road between Alton & Darby Creek Road and Spindler Road, replacing the bridge over Clover Groff Creek, constructing a 10' asphalt shared-use path and 5' concrete sidewalk. The project will also include storm sewer replacement, signal modifications, and mid-block pedestrian crossings. Details about the project are below, and a few questions for you to answer are on the second page. If you would prefer, you can go to the Franklin County Engineer's website and provide comments: <http://www.franklincountyengineer.org/public-meetings/>

Renner Road Widening

- 2-11' through lanes of traffic
- 1-10' center lane (TWLTL=Two-Way Left-Turn Lane)
- 4' paved shoulders
- 10' shared-use path along the north side of Renner Road from the eastern property line of Sugar Farms development to Spindler Road
- 5' sidewalk on the south side of Renner Road from Alton & Darby Creek Road to Spindler Road

Maintenance of Traffic during Construction

- Phase 1 – full closure for bridge work, detour traffic
- Phase 2 – north side roadway work, maintain one-lane westbound traffic, detour eastbound traffic
