

2023 Fall Programmatic
for
Franklin County Engineer
Franklin County Drainage Engineer

September 13, 2023

_____ would like to express an interest in providing
(name of firm)

engineering services to Cornell R. Robertson, P.E., P.S., Franklin County Engineer, on the following projects. Our preference of projects is as follows (“1” for most preferred project; “5” for least preferred project; leave the project line blank if you are not qualified and/or not interested in the project):

_____ **Construction Engineering and Inspection Services:** Project Inspector(s) and/or Engineer(s) to perform daily field engineering and inspection, monitoring and documentation of materials, daily diaries, and documentation of quantities.

_____ **Johnstown Road at 17th Avenue and I-670 Off-Ramp:** Provide detailed engineering to construct a modern roundabout at this intersection. This project will require coordination with FCEO, City of Columbus, and ODOT.

_____ **Wright Road 1.93 over Pickering Creek:** Provide FCEO centric design – build specifications for replacing this bridge with a covered bridge. This bridge was built in 1939 and is currently rated a 4.

_____ **Underwater Bridge Inspections and Complex Bridge Load Rating Analysis:** Project Inspector(s) and/or Engineer(s) to perform and necessary equipment to provide underwater bridge inspections of 3 bridges (Fishinger Road over Scioto River, Hayden Run Road over Scioto River, Smothers Road over Hoover Reservoir) and provide all appropriate documentation of inspection findings. Provide load ratings for 3 complex bridges: West Main Street over Alum Creek, Dodridge Street over the Olentangy River, and Third Avenue over the Olentangy River.

_____ **Petition Ditch Engineering Services:** Contract to assist the County Drainage Engineer on petition ditch engineering tasks.
