

**Franklin County Engineer's Office**  
970 Dublin Road, Columbus, Ohio 43215  
614-525-3030

## **PROJECT OVERVIEW**

In collaboration with the Ohio Department of Transportation, the City of New Albany, and Plain Township, the Franklin County Engineer's Office intends to improve and realign the intersection of Walnut St. at SR-605 (New Albany-Condit Rd.) by constructing a modern multi-lane roundabout. The project will also replace the existing culvert conveying Bevelhymer Ditch, and improve storm sewers, pedestrian facilities, and lighting.

The meeting will start at 5:30 p.m. with a brief presentation to begin at 5:45 p.m. Project personnel will be available to discuss the proposed improvements. Following the presentation, a question and answer session will be held. Everyone will have the opportunity to express their views. Comment forms will be available on the Franklin County Engineer's website at:  
[www.franklincountyengineer.org/public-meetings/](http://www.franklincountyengineer.org/public-meetings/)  
Please plan to join us, and thank you for your interest in this proposed project. We look forward to meeting with you.

Sincerely,  
**Cornell R. Robertson, P.E., P.S.**
