For additional information, please contact Ronni Nimps, Complete Streets Coordinator at (614) 525-3030 or rnimps@franklincountyengineer.org.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by ODOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated June 6, 2018, and executed by FHWA and ODOT.

Franklin County Engineer's Office
970 Dublin Road, Columbus, Ohio 43215
614-525-3030

PROJECT OVERVIEW

The Franklin County Engineer's Office intends to rehabilitate the Hayden Run Road Bridge over the Scioto River. The rehabilitation includes a parapet repair along the north side of the bridge and bridge deck resurfacing. Consideration for a shared use path is being studied along the south side of the bridge.

The meeting will be held virtually with a formal presentation to begin at 6:00 p.m. Personnel representing the Franklin County Engineer's Office will be available to discuss the proposed improvements and any concerns you may have. Following the presentation, a question and answer session will be held. Everyone will have the opportunity to express their views. Comment forms will be available on the Franklin County Engineer website at: www.franklincountyengineer.org. Please plan to join us, and thank you for your interest in this proposed project. We look forward to meeting with you.

Sincerely,
Cornell R. Robertson, P.E., P.S.
Franklin County Engineer
